Treasurer's Update: Jennifer Delaney

- We have \$2,143.63 in the bank.
- We have paid all of our annual bills for 2021: post office and registration with the State of NV.
- We have submitted our invoice and request for \$500.00 from Dept. of Public and Behavioral Health, MCAH, Title V MCH grant. This is for the Diversity in Lactation sponsorship.

- Alex submitted the grant application to Renown for \$1,000.
- We received our donation from Anthem. I am waiting to deposit the check until I receive the W9 form. We will need this for taxes next year. I will email the representative again tomorrow.
- We are trying to determine if we are going to pay for Wild Apricot for the full year or continue to pay monthly. Paying annually will save us money in the long run but will be a cost about \$1,188.00 up front. Right now that is almost half of what we have in the bank, but we are hoping to receive grant money from the MCAH and Renown. We will decide by the end of May on how to proceed.
